New Model Info

MIXER ONE

Professional USB-MIDI DJ Mixer

Availability: March 2010

Alternative Views

The Mixer One is a professional DJ USB-midi mixer controller designed specifically to enjoy the mixer emulation of the dj pro softwares. Compact and full featured layout,(...yet easy to use) to mix without losing a beat.

The built-in powered 2 port USB hub make it the ideal partner for the Kontrol One midi controller. Just connect a single USB cable to the computer for a full dj setup! (Mixer One + 2 Kontrol One)

Mixer One is a partnership product of DJ-Tech and Kontrol Dj hardware manufacturers.

Mixer One will satisfy the needs of the dj's, that still want the tactile experience of Djing, with digital media in computer based systems.
